COLONIAL BOY [COPYRIGHTED]
with baskets of Vegetables grown from
LANDRETHS' SEEDS

Some years ago we adopted the design of the Colonial Boy as a trade-mark, better than the fancy pictures which do not convey any sentimental ideas. Any one publishing a Catalogue can show a fancy picture, but no other Seed House in America can show a connection with Colonial days.

MERCHANTS'

WHOLESALE SEED TRADE PRICES

JANUARY, 1928

MERCHANTS

Are asked to **MAIL** their Orders to the **D. LANDRETH SEED COMPANY,** and are assured all orders received by mail will be given our best attention. Why not? As it is through the Orders our customers send us and through the confidence extended to us that the **Landreth Seed Business** flourishes and has acquired an enviable reputation.

TERMS OF SALE

60 days from date of shipment, or 2 per cent. off if paid in 10 days, except net cash goods, such as all Farm Seeds, Field Corn, Rape, Sunflower, and on Bird Seed, Onion Sets, Potatoes, and Lawn Grass. All goods F. O. B. Bristol, Penna., or Port Huron, Mich. Carriers, such as bags, boxes, crates and barrels, at cost.

Please Notice. Interest will be charged for accounts overdue.

All orders are taken subject to confirmation by D. Landreth Seed Company from their Bristol, Penna., Office and are not subject to cancellation.

OUR SALES of Seeds are **OUTRIGHT,** and purchasers are asked to observe that we will not agree to the **RETURN OF UNSOLD STOCK, whole or in part.** If goods are shipped according to instructions and according to route and on or about date indicated, our responsibility ceases. All errors on our part, to receive attention, must be reported within **TEN DAYS** after receipt of Seeds.

All orders placed with us in advance of the harvest are **ALWAYS SUBJECT TO CROP RETURNS**, as no grower can be legally or morally bound to furnish Seeds which the conditions of nature do not perfect. From new customers cash with order or satisfactory references.

No written quotation is good for longer than the time specified, and when no time is mentioned the quotation is good only for acceptance by **RETURN MAIL.**

In cases where Seed Orders are mailed by Merchants in response to **our quotations by letter**, we ask our customers in their letter to us to give the date of our letter to them making such quotation, else there is no guarantee of the prices quoted being given and the Seeds will be billed at current prices which may be higher.

SEEDS WILL NOT BE TAKEN BACK under any circumstances, and if shipped us will be **REFUSED** as NO CREDIT will be allowed, nor will any rebates be allowed for barrels, bags, boxes, crates or other carriers. This must be distinctly understood as prices are fixed on this basis.

WIRE YOUR ORDERS—SUPPLEMENTAL ORDERS ESPECIALLY

We will pay the **telephone** charges on all near-by seed purchases, and **night letter telegram** charges from anyone, however distant, provided the order amounts to over $10 for fine seeds or over two hundred pounds of Peas, Beans or Sugar Corn. Our telephone numbers are 36 or 37 Bristol, Penna.

We depend upon the judgment of the buyer not to use either telephone or telegram if there remains time to send the order by mail.

The D. Landreth Seed Company gives no warranty, express or implied, as to description, quality, productiveness, or any other matter of any seeds (bulbs or plants) it sells and will not be responsible for the crop. All sales subject to loss or damage by fire or other contingencies beyond our control. All business communications to insure prompt attention must be made to the Company, and not to individuals.

Flat Packets of Seeds

ADVANTAGE OF PURCHASING LANDRETHS' FLAT PACKETS OF GARDEN SEEDS ON THE OUTRIGHT PLAN, $25 PER 1000 PACKETS

Landreths' Packets of Seeds contain as much seed as those sent out by **any** Seedsman and more than the contents of the packets of many other seed houses. They are very handsomely lithographed.

They are put up the same year they are issued, so always contain new Seed. Landreths do not send out Seeds on commission, thus have no old packets to send out year after year, until sold as is the case with some commission Seed packets.

In buying Landreths' Packets the Merchant selects the varieties which sell in his **particular locality** and the number of packets he thinks he will require of each kind —no unsalable stock; and this **personal selection** enables him to sell out nearly his entire purchase of Seeds, but in commission boxes all are of the same **cast-iron assortment,** whether **suited to the locality or not.**

Some Merchants carry from three to six different seed houses' Seeds on commission, and a customer wanting perhaps two packets of Seed will look in each box and spend 25c. worth of a clerk's time selecting 10c. worth of Seed, but if the Merchant handles but one brand it would require but a minute or two to make the sale.

Landreths' Wholesale price is 2½c. per packet. They retail at 10 cents. All papers are handsomely lithographed.

Landreths have many pleased Merchant customers who, to sell over their counters, buy **thousands** of Landreths' Packet Seeds on the Outright Plan, and we know they will please you or any other Merchant. Once a Merchant sells our Packets on the plan of the Outright Purchase, he never returns to the old way of selling on commission. Why should he when he makes more profit and pleases his customers better?

OUR SPECIALTIES are selected strains of Cauliflower; Celery, French-grown Paris Golden; Pepper, Crimson Giant, Ruby Giant, Chinese Giant; Tomato, The Landreth, The Landreth Red Rock, Bloomsdale, Delaware Beauty, Landreths' Crown Picked Globe Tomato.

To sell Landreths' Garden Seeds does not require any argument. The Merchant has simply to show them, and because of their high reputation they sell quickly. We have Merchants on our lists who have been buying Landreths' Seeds for 139 years without a break. These Seeds are not sold only in the United States. but all over the world.

VEGETABLE SEEDS

Landreths' Flat Packets

We sell our colored lithographic Flat Packets on the Outright Plan only; at the wholesale price of 2½ cents each or $25.00 per thousand. These Seed Packets retail at 10 cents each, or $100.00 per thousand, affording the Merchant a net profit of 300 per cent. clear over his expenditure.

The number of varieties of Seeds put up in Flat Packets comprise about 175 sorts —less than half the number of varieties offered in bulk. On an order of 500 Packets we furnish a fine Seed Display Cabinet free of cost, but which Cabinet is the property of the D. Landreth Seed Company, and is good for three years or more. See page 4.

Peas, Beans and Corn we do not sell in **flat** lithographic **packets,** but in **bulk** by the 100 pounds or fractions thereof, or in 1 lb. and ½ lb. **Square Cardboard Packages with colored lithographic labels.** Fine or small seeds are sold in bulk by the 100 lbs. or fraction thereof or in 1 lb., ½ lb. or ¼ lb. sealed cardboard package with colored lithographic labels. We make an extra charge of 2 cents for 1 lb. packages and 1 cent for ½ lb. and ¼ lb. packages **over** bulk rates.

All these packages are very convenient to handle, much more convenient than Seeds in bulk, and make a fine showing on the counter or shelves and save time.

SEEDS WHICH SUCCEED

If this were not so, the business would have drifted away instead of being, as now, in the hands of the **fourth** generation of Landreths, who are doing an increased business each year and who supply Landreths' Seed to the **fourth** generation of customers, as among the list of regular customers, some wholesale, some retail, is a long line of customers—continuous buyers for over one hundred years; one family continuous buyers for over 140 years. The people buy Landreths' Seeds because of their reliability.

SUPPLEMENTARY OR FILL-IN ORDERS

Look over your stock of Seeds and find out of what varieties you are short and to what extent on each and send us your order. As you run short of Seeds write to us in advance of your wants, but if you want them in a great hurry telegraph a night letter by which you can send 50 words at same price as a 10-word day message.

We will pay the cost of a **night** message, providing the order is for Ten Dollars' ($10) worth of Fine Seeds or two hundred pounds or over of Peas, Beans or Sugar Corn. We will get off all telegraphic orders the day received if possible.

Landreths' Seeds

Landreths' Seeds are sold as follows:

In bulk by the 1000 pounds, 100 pounds or 1 pound or fraction thereof.

In sealed **flat** colored lithographic **PACKETS,** as in the past.

In sealed colored lithographic **CARDBOARD BOXES,** of ¼ pound and ½ pound quantities of Small Seeds, and ½ pound and 1 pound packages of Peas, Beans and Sugar Corn.

Merchants are asked to pay special attention to our square **CARDBOARD SEALED PACKAGES,** as they are a guarantee against wastage, mixture and a saving of much trouble, as compared with handling loose Seeds, that is, Seeds in bulk. **These packages are very handy, make a fine display on shelf or in window and sell themselves.**

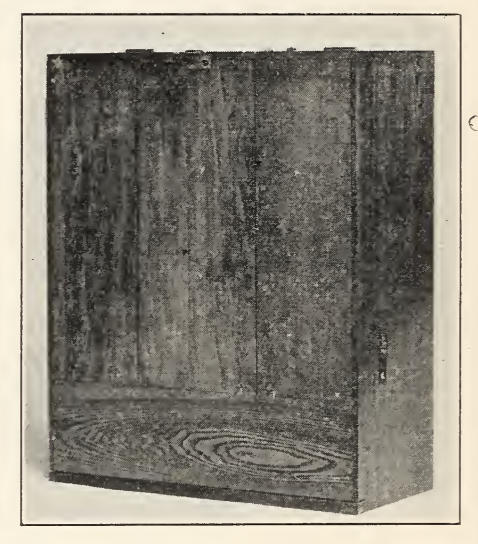

Landreths' Case and 1000 Flat Packets of Vegetable Seeds for $25

The above is a photograph of our new Folding Cabinet. This holds 1000 to 1500 Papers. It is 45 inches high, 19 inches wide, 8½ inches deep, having 7 tiers for Papers. These Papers are sold 2½ cents each, $25 per 1000 Outright sale, selection to be made up by dealer if he cares to. On other side Cabinet is closed the way it is shipped.

These 1000 Packets of Seeds Retailing at $100 — Profit, $75

No charge for case
It is loaned only

The advantage of this Cabinet is that it takes up but little space on the counter and can be folded up when dusting or after season is over. There is a catch like a hinge with a pin through it on the back, to hold it stiff. We will not supply this Cabinet on any orders of less than 1000 papers, and they must do for several years, as another year we will only ship the Papers to the Merchant who received one of these Cabinets this year. We have a cardboard cabinet which holds up to 500 papers which we supply when that amount or less is ordered.

Landreths' Lawn Grasses

For Parks, Croquet and Tennis Grounds, Cricket, Golf, Athletic Fields or Private Yards

80 TO 100 POUNDS SEED TO THE ACRE

THE LANDRETH LAWN GRASS MIXTURE which we offer should not be compared with the cheaper preparations advertised. Our prescription is of the best chosen varieties as respects color, texture and permanency, and will be found clear of weed seeds. We offer all of the Special Formulas of City Parks, Squares, Golf Links, etc. Grass Seeds mixed to order to suit locality, or any special prescription.

LAWN GRASS MIXTURE

Please notice this is a mixture, the very words imply a combination of Seeds of different varieties of grasses, the proportions of each being such as being best for general purposes, or application under peculiar conditions—other prescriptions specially mixed of such designated proportions as thought suitable for certain soils or special climatic conditions will be made at request, but at an extra charge.

The varieties of Grasses suitable for Lawn purposes to make an Evergreen and tenacious sod are—**Kentucky Blue Grass, English Creeping Dent, Rhode Island Dent, Herds, Wood Meadow, Hard Fescue,** and a few others in small proportions, these sometimes having a slight admixture of two or three per cent of White Clover.

The objects of the application of Mixtures are three fold:

1st—to make more certain and obtain a sufficient number of plants—a satisfactory stand which might not be the case if but one variety were sown, as the conditions affecting the germination of that particular kind of grass might not be altogether favorable.

2nd—To be more certain of having some variety with a geological and physical habit so that the developing condition in almost any case be favorable.

3rd—To have a number of varieties, each possessing successive seasons of strong growth so always to have a fresh green surface which would not be if only one sort were used.

The mixtures advertised by different Seed Establishments are all made from private prescriptions and vary in the selling prices from $15 per hundred pounds to $40 per hundred pounds. A mixture may consist of two distinct sorts or of a dozen sorts. The reputation of the Seed House selling the mixture alone being a guarantee of its merits. Certainly the cheaper the price the simpler and cheaper the mixture must be. Cheapness at once raises a doubt as to the value of the mixture.

Landreths' Never Die Grass

FOR SURFACE EFFECT ON LAWNS

The prescription consists of 100 parts, divided in such proportions between those Grasses which our observation has indicated as best for general park effect, as respects color, density of herbage, vigor, quick recuperation after mowing and permanency. The seeds used are well cleaned, and we believe them to be pure and full of vitality, and all persons using them are certain to secure a stand, provided the land be properly prepared and the seed sown at the proper time and at the right depth, and provided there be sufficient rainfall to germinate the seed. We cannot be responsible for the errors of the inexperienced.

Prices are all by the pound, **One Hundred Pounds** being required to seed an acre, which equals a space of 70 yards long by 70 yards wide, making 4900 square yards, or its equivalent, no matter what the shape is. 1 lb. for space of 20 x 20 feet or 400 square feet.

At the rate per 100 lbs. or fraction, the seeds will be shipped by Express or Freight at expense of purchaser.

SPENCER TYPES—MIXED VARIETIES—Choice

$115 100 lbs., $1.25 lb., 40c. ¼ lb., 15c. oz., 5c. pkt.

Mixed Colors.—A development in Sweet Peas which is passing throughout the entire list of varieties, each old color and form being enlarged and beautified beyond compare and which in turn, when firmly fixed, will entirely supplant the old and familiar forms. The new habit is not fixed, but varies from 60 to 80 per cent. true.

Here follow twenty-nine varieties of Spencers—what is the use of offering one hundred and twenty-nine—our customers should be thankful we do not cause them "Brain Fag" by naming all the so-called sorts, but getting down at once to the best.
